

Expert Refrigerated Trucking Services

Precision Logistics • Green Solutions • Excellence

Core Services

 **Refrigerated Trucking**

Safeguarding temperature-sensitive cargo with precision.

 **Drayage Services**

Streamlined container drayage for efficient port-to-port solutions.

 **Frozen Food Transport**

Maintaining ultra-low temperatures for sensitive frozen goods.

Value Added Services

 **Asset-Based Carrier:** Our streamlined operations and dedicated equipment ensure on-time, on-temperature deliveries.

 **Safety and Security:** Cargo integrity assured with surveillance systems, security door locks, asset tracking and regulatory compliance.

 **Real-Time Tracking:** Ensuring cargo integrity through continuous temperature monitoring, management and precision tracking.

 **Dedicated Account Managers:** Personalized support and clear communication throughout your shipping journey.

 **Drop and Hook Trailer Services:** Our efficient drop and hook services speed up your shipments, reducing downtime.

 **Dynamic Route Optimization:** Prioritizing safety with real-time route planning and enhanced efficiency for your shipments.

 **Environmental Sustainability:** We're committed to eco-friendly routes and SmartWay Environmental Standards.

 **Expedited Deliveries:** Meeting critical timelines with rapid response and flexible scheduling.

 **Dedicated Equipment:** Your cargo, our priority, with exclusive equipment access and reliability.

 **Negative 40 Degrees Expertise:** Safeguarding sensitive cargo with precision and advanced refrigeration.
